PROFESSIONAL EXPERIENCE

Fight-Right International, LLC 2003-2004

Owner, Chief Instructor: Close Quarter Combatives & Survival Strategies, Personal Protection & Security Countermeasures. Demonstrate and teach solid principles and adaptive applications of the highly efficient Russian System fighting method to active duty special operations and regular military soldiers; officers in law enforcement and related disciplines; and members of other government, professional, and civilian occupations. Additional instruction in personal and team security and response to multi-level threats in diverse hostile environments. Recently requested to join a specialized team of instructors who nationally teach law enforcement officers and rapid response operators advanced methods of security, criminal restraint, and threat management.

Direct Energy/Republic Power (Divisions of Centrica, PLC, based in the United Kingdom) 2002-2003

Director of Distributor Services for Eastern Canada and the United States. Directly responsible for the evaluation, implementation, and executive management of all operations and processes integral to the Intermediate Field Sales Support Channel for Eastern Canada and the United States, encompassing unit sales submissions, contract processing and quality control, agent identity, payroll investigations, and distributor/agent inventories. Primary contact for establishing new intermediate support channel processes for all new markets and smoothly transitioning newly acquired businesses into the Centrica Distributor Services support model. Formulated and implemented the Distributor Services Information and Processes Disaster Recovery Plan. Hand-selected as Primary Market Entry Contact Team Leader to establish the physical support operations presence at each new market opening in the United States and as Primary Market Entry Advisor for new markets in Canada.

Alternative Energy Solutions, LLC 1999-2002

Vice President of Operations for Canada and the United States. Personally conceptualized, implemented, and managed a revolutionary Processing, Payroll Investigation, and Inventory Support Business Model (later adopted as the corporate template for the Intermediate Field Sales Support Channel following the acquisition of AES by Centrica PLC in 2002). Evaluated, reorganized, and implemented effective physical security procedures and countermeasures related to the physical premises, personnel and property, contract control, and business operations.

U. S. Army 1986–1992

A Company, 2nd Ranger Battalion, 75th Ranger Regiment, Ft Lewis, WA 1986-1987

Airborne Ranger Infantryman. Integrated and refined command leadership qualities characteristic to overcome all obstacles for optimum mission accomplishment. Versed to precision in all advanced combat skills peculiar to an elite Ranger-commando. Given additional field duty as personal protection for Company First Sergeant during specific missions. Consistently qualified **Expert** and used with high proficiency various NATO & WARSAW pact weapons. Thorough comprehension of physical characteristics, tactical use, and countermeasures of Nuclear, Biological and Chemical agents. Earned *Honor Graduate* for superior leadership at the highly arduous and selective U.S. Army Ranger School. Required Security Clearance: SECRET.

E Company, 109th Military Intelligence Battalion (LRSC), Airborne, Ft Lewis, WA 1987-1989

Long Range Reconnaissance Patrol Leader; Combat Skills Instructor. Directly responsible for personal welfare, training, and mission effectiveness of an elite five-man deep reconnaissance team. Specifically selected to lead a covert surveillance team for reconnaissance and harassment operations with various methods of infiltration/insertion into hostile territories. Comprehensively trained in surveillance and counter-tracking security methods. Additional duty as battlefield medic. Required Security Clearance: SECRET.

Headquarters Company, 4/23rd Infantry Battalion (Mechanized), Ft Lewis, WA 1989-1990

Battalion Assistant Logistics Supervisor; Combat Skills Instructor. Second in command to Battalion Logistics Noncommissioned Officer for accurate planning, projection, budgeting, and documentation of all funds and materials usage for a heavy mechanized infantry unit with a physical inventory valued over \$20 million dollars. Directly responsible for battlefield security of the forward supply point in combat operations. Designated Instructor to train soldiers in all facets of combat survivability skills. Required Security Clearance: General.

A Company, 3rd Military Intelligence Battalion (Aerial Exploitation), Camp Humphreys, ROK 1990-1991

Battalion Airfield Perimeter Security Advisor; Chief Combat Skills Instructor; Battalion Weapons Armorer; Classified Avionics Inertial Navigation Technician. Command-selected to serve as Battalion Airfield Perimeter Security Advisor. As such, planned and coordinated area defenses to include permanent fortifications, weapons emplacements, security measures and countermeasures, and emergency action drills. Identified as Chief Combat Skills Instructor for all combat survivability skills for the entire Battalion. Tasked to inspect and ensure the combat efficiency of all Battalion weapons assets and their physical security. Secondary responsibilities: Supervised the maintenance and operation of over \$900,000 dollars in test equipment to ensure the positive function of classified Avionics Inertial Navigational Systems vital to the military intelligence aerial exploitation capabilities related to monitoring the Korean Demilitarized Zone. Close liaison with civilian counterpart in defense contracting. Required Security Clearance: SECRET.

D Company (AMC), 82nd Airborne Division, Ft Bragg, NC 1991-1992

Field Leadership/Combat Skills Instructor; Maintenance Production Supervisor. Responsible for training 20 technicians in field leadership and combat skills as well as efficient workplace interaction, repair production, and accurate documentation. Responsible for planning, coordinating and maintaining accurate records for seven electronic repair sections. Required Security Clearance: SECRET.

Additional Work Experience:

Sterling Christian High School 1996--1997

Teacher, Secondary Education: American & World History, Religious Studies; Athletics Coach, Varsity Soccer. Designed, planned, and evaluated all lectures and assignments for seven different core history and religious studies courses.

Dowell Schlumberger 1994--1995

Service Technician. Performed field duties specific to oil and gas well cementing and fracture stimulation. Specifically selected to oversee the field operations and systematic hydraulic, pneumatic, electrical, and mechanical maintenance of the Programmable Optimum Density Blender, the most complex, demanding fracture stimulation service vehicle ultimately responsible for the successful completion of each well stimulation assignment.

EDUCATION:
